OCTOBER 2018

They's something kindo' harty-like about the atmusfere
 When the heat of summer's over and the coolin' fall is here—
 Of course we miss the flowers, and the blossums on the trees,
 And the mumble of the hummin'-birds and buzzin' of the bees;
 But the air's so appetizin'; and the landscape through the haze
 Of a crisp and sunny morning of the airly autumn days
 Is a pictur' that no painter has the colorin' to mock—
 When the frost is on the punkin and the fodder's in the shock.

Excerpt from When the Frost is on the Punkin by James Whitcomb Riley

Leadership – Grand Court ART of LEADERSHIP

1. The WISE leader is more concerned with what IS than with the way he would like things to be.
2. The WISE leader is more concerned with TRUTH than being thought right
3. Leaderships intuition guided by common sense. Common sense is the willingness to learn from experience.
4. Common Sense should check the suggestions of intuition and intuition should inspire common sense to always look beyond the known to the expanses of the unknown.
